

We kindly inform you that the Aliplast offer **now includes the manufacturing of aluminium blank sheets** according to the following specification:

| Available thickness values for the production blank sheets: 0.8 mm, 1 mm, 1.5 mm, 2 mm and 3 mm.

| Any size, not exceeding 1500 mm x 3000 mm (for blank sheet thickness of 0.8 mm, the maximum size is 1000 mm x 2000 mm).

| Wide range of colours – RAL painting with the Aliplast Wood Colour Effect\*

*(\*If you order wood-like blank sheets, it is necessary to specify the direction of the grain pattern.)*

| In order to paint the blank sheets, at least two holes are made to hang the piece on the painting line. The size of the hole is  $\varnothing 4$ , made within 10 mm from the blank sheet edge. Sheet blanks without process-required holes can be manufactured on request. This order type is subject to individual estimation.

| Completion time: 4 business days for RAL colours  
10 business days for the colours with the Aliplast Wood Colour Effect

| Our price list of services is available in the files zone after logging in (Pricelist Aliplast).
